

Uniform Force Hydrostatic Bolster Plate

ABSTRACT

A method and apparatus to mount a uniform force hydrostatic bolster plate to a
5 substrate. One embodiment of the invention involves a method to assemble a uniform
force hydrostatic bolster plate on a substrate. A second embodiment of the invention
involves a method to fabricate a uniform force hydrostatic bolster plate. A third
embodiment of the invention involves an assembled substrate with a uniform force
hydrostatic bolster plate on the opposite side of the assembled substrate, under an
10 electrical contact area of a component on the assembled substrate.
